

AAIM 127th Annual Meeting

PRELIMINARY PROGRAM GUIDE

October 13 – 18, 2018
Fairmont Olympic Hotel
Seattle, Washington

Registration now open!

Letter from the President

It is with great pleasure that I invite you to the 127th Annual Meeting of the American Academy of Insurance Medicine, to be held at the historic Fairmont Olympic Hotel in Seattle, Washington. The Scientific Program Committee, under the leadership of Dr. Brad Heltemes, has put together a program of lectures, concurrent sessions, and workshops for this triennial-styled meeting that will certainly pique the interest of anyone involved in insurance medicine. There are many things to look forward to in Seattle.

First, the hotel: it was built to much fanfare and opened in the Roaring Twenties. *The Seattle Times* proclaimed it to be the grandest inn west of Chicago at that time, and it is now known as the center of social life in King County. The interior has been reimagined over the years to its current iteration of comfortable elegance. It is listed on the National Register of Historic Places and is a member of Historic Hotels of America. It will be a perfect spot for us as we embark on our educational journey.

Speaking of educational journeys, I cannot begin to tell you how much enthusiasm the Scientific Program Committee has brought to this meeting. From the mortality concerns revolving around the anti-aging “medicine” arena to CART and CRISPR technology to Big Data to Marijuana (sans the samples), the mainstage events promise to update your knowledge regarding the latest and greatest in medicine and technology as it relates to morbidity and mortality. The concurrent sessions will also tickle your medical funnybone as you explore curing Diabetes with a scalpel and other mortality-altering effects of obesity surgery from a world’s expert, to exploring predictive analytics to getting an update on Neuropsychological testing from those who are preeminent in their respective fields. Finally, the tried and true workshops will be reimagined for our 2018 meeting with a (partially) new cast of characters in presentation mode. That even includes me as I join Dr. Heltemes in the cancer workshop.

As they say, all work and no play makes John a dull boy. So, in an effort to bring you a treat in the networking/relaxing/friendship-building arena that is crucial to the well-being of our souls and AAIM in general, we have planned some outstanding entertainment. From the Welcome Reception in the garden of the hotel to the iconic Space Needle to a tour of the largest building by volume in the world at the Future of Flight Aviation Center and Boeing tour, you will have opportunities to meet new friends and greet old ones and spend quality time with both. Bringing a spouse, significant other or good friend to the Emerald City? GREAT! We are going to have some wonderful activities for them that include the beautiful Bainbridge Island and shopping in one of the world’s most interesting open air markets—just be sure to leave room in your suitcase for a salmon from the Pike Place Market (just kidding – they ship!). Finally, there are restaurants and museums galore within easy walking distance from the hotel. If you leave this meeting unsated in any way, whether it be gastronomic, cultural, or intellectual, that’s on you.

So, please do consider joining us in Seattle. If you’re not there we will sorely miss you.

Dum Vivimus Vivamus,

The AAIM group rate is available until September 20, 2018 or until our group block is sold out, whichever comes first. Reservations at the AAIM group rate MAY be available after that date, depending on availability.

BASIC MORTALITY AND MORBIDITY COURSE

Saturday, October 13

08:30 – 16:00

COURSE INSTRUCTOR:

Steve Rigatti, MD, DBIM
Founder, Rigatti Risk Analytics, Glastonbury,
Connecticut

TARGET AUDIENCE

This course is designed for physicians, AAIM members, nurses, underwriters, and other insurance professionals with the requisite medical knowledge; however, priority will be given to medical directors.

NEEDS ASSESSMENT

The methodologies commonly used for mortality analysis are complicated, and medical directors, as well as other healthcare personnel, often report these methodologies as being among their perceived practice gaps, a hindrance in their efforts to perform their duties. Participants will be guided through the intricacies of these methodologies and related tasks.

LEARNING OBJECTIVES

Students will gain an improved understanding of:

- population life tables
- mortality curves and life expectancy calculations
- select and ultimate mortality rates
- common patterns for diseases and other health-related conditions and rating approaches
- sensitivity, specificity and predictive values
- mortality methodology calculations
- value and limitations of examinations, laboratory testing and other diagnostic methods
- the use of spreadsheets to perform repetitive calculations
- the interpretation of Cox survival models presented in the literature
- the use of computer spreadsheet programs to speed and automate the necessary calculations
- optimal use of Internet resources to obtain relevant literature and data

Please note: The course contains approximately 4 hours of online video lectures which registrants will receive as a link with a password upon registration. Also, completion of this course will require use of computer spreadsheets, specifically Microsoft Excel. Introductory materials and references to other foundational resources will be provided.

ACCREDITATION STATEMENT

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/ certification requirement.

Physicians

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and the American Academy of Insurance Medicine. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation Statement

Amedco LLC designates this live activity for a maximum of **6.50 AMA PRA Category 1 Credit(s)[™]**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

JOINT ACCREDITATION[™]
INTERPROFESSIONAL CONTINUING EDUCATION

BASIC MORTALITY AND MORBIDITY COURSE

REGISTRATION

This course is limited to the first twenty (20) registrants with payment received. The registration closing date is **August 31, 2018**. On receipt of the completed registration form and fee, course materials will be sent to each participant.

HOMEWORK ASSIGNMENT

Most of the education is self-learning in a structured assignment that typically takes 10 – 20 hours of student work, more if you are very unfamiliar with Excel. Preceptors are assigned and are available for email assistance. The homework assignment is to be completed and sent to the instructor at least **three weeks prior to the course date. It must be received by September 16, 2018**. The homework assignment is mandatory and makes up a significant component of the student's final grade. The assignment will be sent with the syllabus following registration confirmation.

Questions specific to Basic Mortality and Morbidity Course content can be directed to:

Dr. Steve Rigatti at srigatti@rigattiriskanalytics.com or 860-519-6236.

THANK YOU

Putting together a meeting of this scope takes a very dedicated, talented, and hard-working group of individuals, and that aptly describes the 2018 AAIM Program Committee members listed below. I am extremely grateful to them for all the time and effort they have expended to make this a most meaningful, timely, informative and engaging experience. They never lost sight of our objective to focus on the needs of the AAIM membership and of the insurance medicine community at large, and I believe that will be evident throughout this tremendous conference.

Please join me in offering thanks to these incredible committee members for all they have done!

OPTIONAL TOURS

SATURDAY, October 13

City Tour of Seattle 13:30 – 16:30

This three-hour tour by coach will provide a comprehensive overview of the city of Seattle and show you how central the hotel is to many of the city's top attractions. Some of the must-see attractions along the way are Lake Washington, views of Puget Sound, and the Olympic and Cascade Mountains, amongst other surprises. Bring your camera, as there will be some photo opportunities along the way.

Stops on this 50-mile Seattle Tour include Pioneer Square, the Ballard Locks and a great city skyline photo opportunity.

Price: \$75/person (includes 3-hour tour with 3 stops in an air-conditioned motor coach; bottled water)

TUESDAY, October 16

Tour of the Future of Flight Aviation Center and Boeing Factory Tour 13:00 – 17:00

One of Seattle's favorite aviation attractions, the Future of Flight Aviation Center, is where the Boeing Factory Tour begins. The center, located in Mukilteo, about 25 miles north of Seattle, offers the only publicly available opportunity to tour a commercial jet assembly plant in North America. You will have a 90-minute tour of the Center and the Boeing Factory, where you will see 747s, 777 and 787 Dreamliners being assembled.

NOTE: You will be walking up and down two steep flights of stairs at each end of the factory and walking through two large tunnels, the first 0.3 miles (0.5 km) round trip, the second shorter. You will also ride two freight elevators to balconies overlooking the Boeing factory floor.

Limited availability, so be sure to register early for this limited opportunity.

Price: \$89/person (includes return coach transportation with commentary and admission fee)

Return shuttle transportation to:

- **Museum of Pop Culture**
- **Space Needle**
- **Chihouly Garden and Glass**

Departures from the Fairmont at 13:00, 13:30 and 14:00; return to the Fairmont at 16:00, 16:30 and 17:00.

Price: This service will be complimentary for those who wish to explore the area.

EVENING PROGRAM

SATURDAY, October 13

Welcome Reception “Taste of Seattle” 18:00 – 19:30

Join your friends and colleagues in the Garden Room located on the lobby level of the hotel. This glorious room is an ideal setting for a light dinner, refreshments and conversation.

WEDNESDAY, October 17

Reception and Dinner “Boys of Summer” 18:00 – 22:00

Celebrate America’s national past time, baseball by donning your favorite team jersey. If baseball isn’t your sport, then bring along your favorite sports jersey and join in the fun.

Thank you to our sponsors who have confirmed to date:
